Frontiers in Urban Science Exploration: *Train-the-Trainer Workshop*

WHAT: Learn how you can improve training for after-school science, technology, engineering and math (STEM) activities by attending the Frontiers in Urban Science Exploration (FUSE) Train-the-Trainer Workshop hosted by **The After-School Corporation** in New York City.

WHO: The workshop is intended for after-school site supervisors, trainers and leaders who deliver STEM professional development to front-line after-school staff.

WHEN: The train-the-trainer workshop is **FREE** and will be held on Wednesday, September 15th and Thursday, September 16th from 9:00 to 4:00 at the TASC offices: 1440 Broadway, 16th Floor, New York, NY 10018.

For additional information or to register for the workshop, please contact Sunset Harris, TASC Program Specialist, at 646-943-8871; or sharris@tascorp.org by August 25, 2010.

The workshop will equip after-school leaders and trainers with information, resources and strategies to advance informal science education (ISE) in after-school by helping them to:

- > Develop familiarity with ISE curricula
- > Explore effective training techniques for STEM and youth development
- > Build a community of practice around delivering inquiry-based ISE in after-school
- > Reframe expectations to promote co-inquiry learning
- > Create alignment with science in the school-day
- > Outreach effectively to community partners
- > Identify strategies to build relationships with trainees
- > Develop a training action plan
